

“Wired-for-Business®”

What is it?

“Wired-for-Business®” is an exclusive Marriott telecommunications package available in the hotel guest room that includes the following: ***high speed internet access (50 times faster than dial-up), unlimited local phone calls, unlimited long distance phone calls (within the 50 States and District of Columbia, no international calls).***

How much does it cost?

The cost is \$12.95 per day (12noon to 12noon) plus tax. It also appears on the folio as “Telecom”.

What are the benefits of this service?

Reduce costs of long distance and local phone calls made from the guest room or cell phone. Work on your laptop at the same speed as in the office. Reduce costs for dial-up connection fees. Simple billing.
